[Home](#) > Dietary supplement recall expanded

Generic Name:

Herbal product

Trade Name:

Via Xtreme Ultimate Sexual Enhancer Dietary Supplement For Men

Company:

Global Wellness

Notes:

Global Wellness announced that it is expanding its voluntary nationwide [recall](#) of [Via Xtreme Ultimate Sexual Enhancer Dietary Supplement for Men](#) to the consumer level to include lot A032111, with previous recalls covering lots 809013 and 806030. A laboratory analysis conducted by FDA found that all three lots contained sulfoildenafil methanesulfonate, sulfosildenafil, and dimethylsildenafil analogs of sildenafil, thereby making it an unapproved drug.

In addition, these active drug ingredients were not listed on the product label and may interact with nitrates resulting in severe hypotension.

The product was distributed throughout the U.S., Puerto Rico, Barbados, and Canada to internet and retail consumers.
