[Home](#) > Recalled products may have microbial contamination

Generic Name:

Homeopathic aqueous-based products

Trade Name:

Multiple trade names

Company:

Sprayology, King Bio

Notes:

Sprayology is voluntarily [recalling](#) all lots within expiry from 10/18 to 7/22 of its aqueous-based homeopathic product line because of possible microbial contamination.

Administration or use of drug products with microbial contamination could result in increased infections that may require medical intervention or be life threatening to certain individuals.

The products are for assorted symptom relief and can be identified by the main label on the bottle and by the expiration date printed on the backside of the label. Each recalled product is an individual 1.38-oz. oral spray in white bottle manufactured at the King Bio facility in Asheville, NC. The product was distributed nationwide via wholesale, retail, and online sales.
